- * Enter the percentage of the gate you want stacked to the side
e.g. If 2m wide, state 1600 left 400 right = 80% L 20% R
- Measurements are in mm and are overall size.
 - No deduction for additional tolerance will be taken off.
 - All gates are viewed from the inside. If a surface mounted lock is used it will be on the inside and the jemmy strip on the outside. Please state if you require otherwise.
